How To Share Audible Books

- You can have up to three persons on one audible account. Some rules to follow:
 1. Don't buy something on audible without asking permission first.
 2. If there is something you want check with the rest of the group.
 3. Stay organized (two people cannot listen to the same book at the same time)
 4. Decide in advance who gets to use the credits.
 5. Don't be a plot ruiner.
